

CASE STUDY: WAREHOUSE REFURB, ABINGDON

CLIENT:
ASHTENNE

VALUE:
£1.3M

PROJECT:
REFURBISHMENT

- Formed new structural openings
- Refurbished existing offices and created new
- Electrical, mechanical and fire installation
- Cladding
- New roof
- Jet washing of drains and gulley
- Builders work to convert two units into one large unit
- Disabled ramp and handrail
- Disabled toilet formation
- New Pump Screed Floor

Externally the building was re-roofed and re-cladded and all drains and gulleys jetted. Internally, new structural openings were formed, builders works were undertaken and disabled ramps, handrails and toilets installed. All electrical, mechanical and fire alarm system work was also carried out, followed by redecoration throughout.
